

VISITATION RESTRICTIONS

As a preventative measure to protect our patients, visitors, associates and volunteers, HRH is screening all visitors and limiting visitation as follows:

- Limiting visitors for patients to **ONE DESIGNATED VISITOR PER PATIENT.**
- Visitors under the age of 18 are not permitted to visit.
- Inpatient visiting hours are limited. Please check with the unit supervisor for specific times.
- **PLEASE WEAR A MASK AT ALL TIMES!**

This is for the safety of patients, visitors, associates and volunteers.

**EXCEPTIONS MAY BE MADE FOR THE FOLLOWING DEPENDING ON STAFF AVAILABILITY:
BIRTHS | PATIENTS AT THE END OF LIFE | EMERGENCIES**

NOTE: If any visitor has a positive screening for any illness or suspected illness, they will be asked to leave the premises. ([See Screening Section](#))

SCREENING

- Before entering the facility, each person will be asked a series of questions provided to us by the Indiana State Department of Health (ISDH). Visitors reporting respiratory symptoms, new cough or a cough different than what is normal for them, or a temperature will not be allowed to visit.
- **Patients will be screened using the same questions. If they answer yes to any question, they may be asked to reschedule their appointment and asked to return home.**
- Transporters will be available at entrances to assist patients in getting to their destination if needed. Visitors that are turned away and are providing transportation for the patient, can leave their cell phone number at the screening station. They will be called when the patient has completed their testing or procedure.

ENTRANCES

All entrances to HRH will be closed with the exception of:

- **MAIN ENTRANCE 6AM-8PM MONDAY-FRIDAY.** Closed nights, weekends, and holidays.
- **EMERGENCY DEPARTMENT 24/7/365**
- **HANCOCK SURGERY CENTER** For patients of surgery center or patients visiting offices in that building
8AM-5PM MONDAY-FRIDAY
- **CANCER CENTER** for cancer patients only

NOTE: All visitors will be screened at every entrance!
